OUR BAND IS BACK!
DCJ Photos

The Mattapoisett Town Band brought Shipyard Park back to life last Wednesday and was enjoyed more than ever. This and the beach are so much of the good fortune of Mattapoisett living that both are vital parts of the waterfront. To say that the band was missed is the understatement of the year. The spirited music of the music-makers, under the baton of J. Craig Lilly, was resoundingly cheered and appreci-ated.

Police Officers Commended

MATTAPOISETT SELECTMEN'S MEETING
JULY 10-, 1990 - by VIRGINIA MORGAN

Selectmen last Tuesday added their commendation to Mattapoisett Police Officer Kent Davis and Fairhaven Police Sergeant Donald DomPierre with that of Police Chief James F. Moran for their outstanding job in trying to rescue the operator who was trapped inside the truck cab which was on fire following an accident.

The fatal accident occurred on June 26, 1990 at 11:02 p.m. on Fairhaven Road, Route 6, just east of the Fairhaven-Mattapoisett line, Chief Moran informed Selectmen by letter.

"After receiving an emergency call about the accident and fire, all Mattapoisett units responded, Mattapoisett Officer Davis along with Fairhaven Sergeant DomPierre were the first on the scene and observed that a pickup truck had crashed into the northeast corner of the house and was wedged in the cellar. The officers also observed the operator was trapped inside the cab and the truck was on fire. When the truck struck the house it broke the natural gas line, which started the fire.

"Both officers got their fire extinguishers from their cruisers and, without regard for their own safety, made a valiant attempt to put out the fire and rescue the operator, but due to intense heat and the fire being fed by the gas main the officers had to withdraw.

"I feel both Sergeant DomPierre and Officer Davis did an outstanding job in trying to rescue the operator under such danger-

ous and explosive conditions. I also feel that it is times like this when police officers put the safety of others before their own that the citizens of both towns should be aware of such actions that most take for granted. I commend both officers for a valiant attempt to save a life."

Selectman Bernard F. Talty, who said he was present when the accident occurred as he was coming out of Joseph's approximately across the street, said it was a terrible tragedy. "There was nothing the officers could do but they tried the best they could." Selectmen Chairman John DeCosta and Selectmen Daniel Mahoney and Talty said the officers deserve a lot of credit and joined the police chief in commending the officers.

In other business, Selectmen:

AGREED TO SEND A LETTER to Russell Peirce thanking him for his 17 years of service to the town as wire inspector. Mr. Peirce was not reappointed to the post. Selectmen made no comment on their decision not to reappoint Mr. Peirce. However, it was brought to the board's attention several months ago that several complaints from builders and homeowners saying Mr. Peirce was rough talking to people and displayed a lack of courtesy to them. No action was taken at that time, but the complaints were filed for future consideration.

Chairman DeCosta said later it was not that he didn't do a good job, but because of the way he handled people.

A letter was received from Mr. Peirce in which he commented on his reaction on not being reappointed: "Needless to say, I am quite bitter about the fact that after over 17 years serving as Mattapoisett's wire inspector, you have chosen not to renew my appointment. I am so upset that I don't think it would be to anyone's advantage to appear before you in person. Whatever else I have to say can be put on the bottom of this paper.

"Number 1 - In over 17 years I have never once said or done anything to degrade my office of wire inspector. Number 2 - Out of the thousands of people I have dealt with, I can name on one hand two people who think they have gripes with me. Those precious few were either doing something wrong or were angry because I found some sort of fault with their job. Number 3- If any appointed or elected official (including yourselves) say they have a one hundred percent record for pleasing everybody, he or she had better take another look."

Selectmen did appoint George DeCosta of 41 River Road to serve as wire inspector with his term to expire April 30, 1991. Mr. DeCosta has been assistant wire inspector for several years. On July 1 the wage for wire inspector was increased from $9. to $12. per call.

GRANTED PERMISSION to the Firefighters' Auxiliary to hold a dance, "Shindig by the Sea", on August 3rd at the town wharf from 7 to 11 p.m.

The auxiliary also requested that the parking area in front of the gazebo be restricted on that day so that they can hold their dance in an open space; also requested that perhaps the highway dept. would be so kind as to put horses up around the area during the day so people will refrain from parking their trailers in that area on that day.

APPROVED A REQUEST from Police Chief Moran to transfer from the Reserve Fund the sum of $6,500 to the police department expense account to cover utilities.

AGREED TO HIRE Melody Mills, a former town hall employee, as temporary secretary in the Selectmen's office to assist executive secretary Carol Adams. She will work 35 hours per week.

Selectmen noted the employment of Ms. Mills is pending until the Personnel Board gives its approval. Ms. Mills worked for three years as secretary to the Building Inspector and Appeals Board.

Does a celebrity's name on an eyeglass frame make it a better product?

Not always! More important than the celebrity's name is the company who manufactures the frame. Some celebrities' names are on very inexpensive frames which don't have any warranties and guarantees. A celebrity's name on a frame does not insure you will get a better product. Most times you are paying for a name.

Mills are both temporary and will remain in effect until the board makes its decision on the permanent make-up of the administration of the selectmen's office.

MET WITH Harbormaster Steven Mach to discuss the Harbor Committee's proposal for the purchase of a boat for the harbormaster. It was felt the specifications should be more specific as to the size required, the type of trailer and the outboard motor.

Mr. Mach noted that the town mechanic, John Bowman, recommended the bidding for boat and motor be done separately, "as we can get a better deal and we can choose which motor we want and not the one the boat dealer sells. We are looking for either Johnson, Yamaha or Evinrude, installed." The length of boat requested by the Harbor Committee is 20 foot minimum, with a 26 foot maximum. Selectmen and Mr. Mach agreed this is too broad. The harbormaster felt a 22 foot, more or less, would be a better specification.

Chairman DeCosta recommended that help from town counsel be obtained in preparing the specification. The sum of $20,000 was voted at the May annual town meeting for the harbormaster's boat.

DISCUSSED THE BUILDING of separate cubicles in the new police station where the atmosphere is controlled for storage of town records.

Executive Secretary Adams will check with the assessors, town treasurer/tax collector, town clerk and town accountant

Long-range plans were discussed for the old police station. It was noted Treasurer/Tax Collector Kathleen Briggs would like to move her office to the former police chief's office space, with the possibility of having the town accountant, Joseph Bolton's office being moved to that section. These two officials work in close conjunction in their duties. A narrow hall would have to be expanded to make this area more accessible.

A festive tent will be erected in Bicentennial Park, across the street from the Center. SOLARSHIELDS

SOLARSHIELDS give far more comfort as a sun-lens than normal sunglasses. Whether hiking, fishing, sailing or relaxing at the beach, the non-prescription goggle fits easily over glasses or can be worn alone. Skiers, golfers, pilots or anyone concerned with top performance can benefit from a total UV sunscreen - and enjoy the comfort.

Photophobia:
Some people are more sensitive to light than others. For those in need of a "serious sunlens," the SOLARSHIELDS offer complete UV absorption to 400 nm and a choice of tints for comfort in the visible spectrum. Even with a dilated pupil behind the dark tint, the eye is fully protected due to special UV filters in the polycarbonate material. Top and side shields screen out all incident light.

For Cataract Patients
The aphakic eye is extremely vulnerable to postoperative retinal problems if not protected against hazardous ultraviolet radiation.

SOLARSHIELDS replace the same UV filter lost with the removal of the crystalline lens. Immediate comfort and complete retinal protection from UV make SOLARSHIELDS an excellent addition to standard post-operative procedures.

Clean Water Days

The Coalition for Buzzards Bay invites Mattapoisett residents to celebrate Clean Water Days July 20-24. As part of the town's Harbor Days on July 21 and 22, the Coalition will have its booth in the midst of the festivities, with free take-home materials and bumper stickers, as well as T-shirts and raffle tickets for sale.

Nearby, at the Town Hall, second floor, the Coalition's traveling photo exhibit will be on display as "an eloquent visual reminder of the Bay's beauty and vulnerability". The photos, taken by sixteen Southeastern Massachusetts University students, are interspersed with stirring quotations by such writers as Rachel Carson and Herman Melville, and by practical suggestions on how people can care for the Bay in their everyday lives. On Friday, Monday, and Tuesday, July 20th, 23rd and 24th, the exhibit can be viewed from 8 am. to 4 p.m. On Harbor Days, July 21 and 22, the exhibit is open from 11 a.m. to 3 p.m. so that people can enjoy this annual event and the overlapping exhibit in Town Hall.

During Harbor Days, the Coalition's fish mascot, C.W., will mix with the crowd as a colorful reminder of the need to care for the Bay. One of C.W.'s handouts will be the Coalition's new septic system flyer, a project carried out in cooperation with the U.S. Environmental Protection Agency.

Materials at the Coalition's booth will include down-to-earth information on household hazardous waste and alternatives to

eye talk

Q. My husband and I are both nearsighted. Can we prevent this vision problem in our child?

A. Nearsighted people, as you know, can see clearly up close but not far away.

Although nearsightedness is a common problem, its cause is not known for certain. Prevention, then, is not clear cut but optometrists can, in some cases, prescribe treatment that may help stop or slow its progression.

For example, mild prescription glasses to be worn only when doing close work might be prescribed to make it easier for the eyes to focus. Or contact lenses might be prescribed, since they sometimes tend to slow or stop nearsightedness.

Your best bet to control nearsightedness is to start your child with annual eye examinations at age three.

Permit Sought, Mattapoisett Neck

Kenneth and June Schwartz are seeking permission from the U.S. Army Corps of Engineers to construct a 3 x 350-foot fixed timber walkway, 3 x 16-foot ramp, and 8 x 12-foot float in Mattapoisett Harbor. The request also seeks approval to retain 290 feet of stonewall constructed without the required federal permit.

The application for the federal permit was filed with the Engineers in compliance with Section 10 of the Rivers and Harbors Act which provides for federal regulation of any work in, under or over navigable waters of the United States and Section 404 of the Clean Water Act which regulates the discharge of dredged or fill material in United States waters, including wetlands.

To assist in evaluating the proposed work, the Engineers are soliciting public comments. Written statements should be forwarded to their office no later than August 13, 1990. Additional information may be obtained by contacting Grant Kelly at the New England Division, U.S. Army Corps of Engineers, 424 Trapelo Road, Waltham, MA. 02254-9149.

Mattapoisett Memories, Part VI

by JENNIE HILLER LUDMAN

Every week was a busy one. Monday evening, the Women's Christian Temperance Union met in the home of one of its members. The women voted to launch a "pledge signing" practice for children, and many pledges were made "never to drink alcoholic beverages". Meetings were also held in the church where testimonials were given by those who had given up the habit. Wednesday night was used for business meetings, committees, etc. Thursday was the church supper evening with games and entertainment, public speaking by the children, etc. Friday was adult prayer meeting. During Holy Week, before Easter, certain ministers from New Bedford came by trolley car to hold special meetings which brought out large audiences. Easter Sunday was the most important service of the year, after Christmas.

held for all Sunday School classes. A child had to know, by heart, the names of all 66 Books of the Bible, the 12 Apostles, the Beatitudes, the Lord's Prayer, the 23rd Psalm and the Ten Commandments.

Children's Day was celebrated in June when the daisies were in full bloom in the fields. Next to the Congregational Church, where the Catholic Church now stands, was a field of daisies where we children picked armfuls to decorate our church.

At one time, Mattapoisett was well-known because of the Indian Reservation on the west side of our harbor. My father told me that he remembered, as a boy, seeing a goodly number of tribal Indians in full dress, visiting the town. King Philip Spring on North Street extension was named after the Indian warrior. Even in my childhood arrowheads could be found. That area is now the Reservation Golf Course.

The Mattapoisett Improvement Association was organized when I was about 11 years old. This very important activity in our town deserves special credit. Some of the leaders and promoters were the summer homeowners. I remember Miss Alice Stackpole who was on a committee to provide prizes to school children who planted their own flower gardens. Miss Alice visited, with others, all the gardens and they voted for the children who had made their yards the most attractive. I was the happy winner of a $2.00 prize for my small flower garden newly planted in front of my mother's red rambler rose bush.

As I grew older it became easier to get to New Bedford for shopping and also for medical needs. The two doctors in town were trained in the "aleopathic" tradition

which my mother felt paid too much attention to strong medication. She favored the doctor in New Bedford whose education was called "homeopathic". He gave her a small medical book to help her with simple problems while she was raising her four children. Also, he provided her with a medicine chest which had a dozen or so small bottles of sugar pills and liquid medicines. I recall that some of the medicines were called Aconite, Belladonna, and Ipecac. If a child needed more medical help, she would get a message to Dr. Shaw in New Bedford to come and visit the little patient. Telephones were being installed in some homes where families could afford them. We were not that lucky, but my Aunt Betsey Luce had one of the early ones and we used it in emergencies.

The weather was marginally cooperative on Saturday, June 30th, yet it was the sort of day when people turn out in great fashion to enjoy the festivities of the annual Fairhaven Homecoming. It was the first occasion when the Fairhaven-Mattapoisett Kiwanis Club appeared in the fair making Kiwanis visible.

Laureen Jacobsen was the proud recipient of a 15 speed Puch Park Avenue, mountain bicycle raffled off at the fair. The bicycle was acquired from the Village Peddler of Mattapoisett.

was for the purpose of raising much needed funds to be used for future community related projects; most of all to contribute their share to the Trauma Center for Children at the New England Medical Center.

The Trauma Center is totally dependent on Kiwanis Club for their financial support. To all Kiwanians this is serious business.

Though the local Fairhaven-Mattapoisett Kiwanis Chapter is only two years young, they intend to be aggressive and viable in the community. Anyone who believes in our endeavor can contribute by making a donation for a display sticker that calls everyone's attention to the fact that Kiwanis works for children.

The display stickers are available at the following locations: any office of Citizens Federal Credit Union, Fairhaven Funeral Home, Vining Press, Joan Richards at Fairbank.

We extend an invitation to prospective new members who would like to join us in our endeavors: to help with community projects, form a key club at Fairhaven High School, most importantly help us to provide much needed financial support for the Children's Trauma Center.

If you are interested we'd like to meet you. Join us at our convenient breakfast meetings every Tuesday at 7:30 a.m. at the Seaport Inn and Marina, formerly the Skipper in Fairhaven.

Sea Kayaking Program

Spend Saturday, July 28th, kayaking in Buzzards Bay with the Lloyd Center and Don Forrest, owner of Salt Marsh Sea Kayak in Westport.

Mr. Forrest has been teaching kayaking skills for several years and has led a number of sea kayaking expeditions. He will provide participants with an overview of basic kayaking skills and safety prior to the day-long paddle on the bay.

Participants should bring their own lunches and plenty of liquid refreshments on the day of the program, which will begin at the Lloyd Center at 9 a.m. and should be completed by 4 p.m.

The cost of the trip is $30. for Lloyd Center members and $40. for non-members. Participants are asked to pre-register by calling or writing the Lloyd Center at P.O. Box 7037, South Dartmouth, MA. 02748; telephone 990-0505.

The kayaking program and all Lloyd Center canoe trips are sponsored in part by William F. Nye, Inc., Bosworth Insurance Agency, and the New England Animal Hospital.

ACQUIRES SHIP PORTRAIT, NEW BEDFORD

The New Bedford Whaling Museum announces the acquisition of a ship portrait by Antonio Jacobsen of a steamer that bore New Bedford's name. Painted in 1902, the "City of New Bedford" joins the Museum's permanent collection through the generosity of the Grimshaw-Gudewicz Charitable Memorial Fund.

The "City of New Bedford" and a sister Ship, the "City of Fitchburg", were built in 1874 as part of a scheme to establish a sea-rail link between New York, New Bedford and the hinterlands of Massachusetts. The sea route was to be operated by the New Bedford and New York Steamship Company,

while land operations fell to the Boston, Clinton, Fitchburg and New Bedford Railroad.

The fate of both companies was intertwined, and they succumbed together during the depression that followed the Panic of 1873. Within six years, both were absorbed by their larger neighbor, the Old Colony Railroad and its Steamship Company.

With the collapse of New Bedford's hopes as a transport center, the "City of New Bedford" was sent to Fall River. When Jacobsen painted her in 1902 she still served on the New York run of the Fall River Line.

The Grimshaw-Gudewicz Charitable Memorial Fund, which enabled the Museum to acquire the painting, was established by Mr. George E. Grimshaw, an area industrialist and innovator in the development of stainless steel fastenings.

Mad Magic Show

SUMMER YOUTH THEATRE FESTIVAL 1990

Question: What do Houdini and Frankenstein's Bride have in common?

Answer: They are both part of the fun in "It's A Mad, Mad, Mad, Mad Magic Show!" at New Bedford's Zeiterion Theatre on July 25th at 10:30 a.m.

This performance replaces the previously advertised "Merlin Magic Show" as the third installment in this year's Summer Youth program, sponsored by Shaw's Supermarkets.

The Landis & Company Theatre of Magic present a dazzling magic show combining the classical tradition of vaudeville with breathtaking illusions and featuring the madcap Alexei the Ukranian Wonder, an immigrant who rises to vaudeville stardom.

This zany one-hour production is filled with a colorful array of delights, including Houdini's floating lady, sawing Frankenstein's Bride in half with a laser beam, and the appearance of a magical menagerie of bunnies and ducks. "It's a Mad, Mad, Mad, Mad Magic Show!" is perfect for family audi-

Delights - A Trilogy of Simple Herb Projects" will take place in the Old Barn on the grounds of the museum. The workshop features three very easy projects that involve the "best" of summer gardening. Join Ms. Gillis for a full morning and take away "Perfect Posies", "Lavender Bottles", Herb Vinegars and new ideas for utilizing a garden's bounty. Participants are asked to bring sharp scissors. The cost is $25.00 for members of the museum, and $40.00 for non-members.

'Decorating With Flowers - Pressed Flower Pictures" is a workshop on how to make a pressed flower picture. Participants will use pressed flowers from the gardens at Heritage Plantation to create a picture. Ms. Gillis will discuss the techniques used in pressing flowers. The cost is $20.00 for members and $35.00 for non-members.

"Herb Dried Topiary" is the last workshop to be offered by Ms. Gillis. Topiary is one of the hot items this year. Whether it is live or dried, everyone wants one in their homes. Topiary is a unique form of sculptural art. The pleasures of arranging dried herbs and flowers in this style will delight participants and the results will grace any home with a long season of beauty. The project is approximately 18 inches tall. Everyone taking part in this workshop should plan to bring sharp scissors. The cost for either of the two sessions is $35.00 for members and $50.00 for non-members.

To register for any or all of the above workshops please call 888-3300.
